

HEAT EXCHANGERS

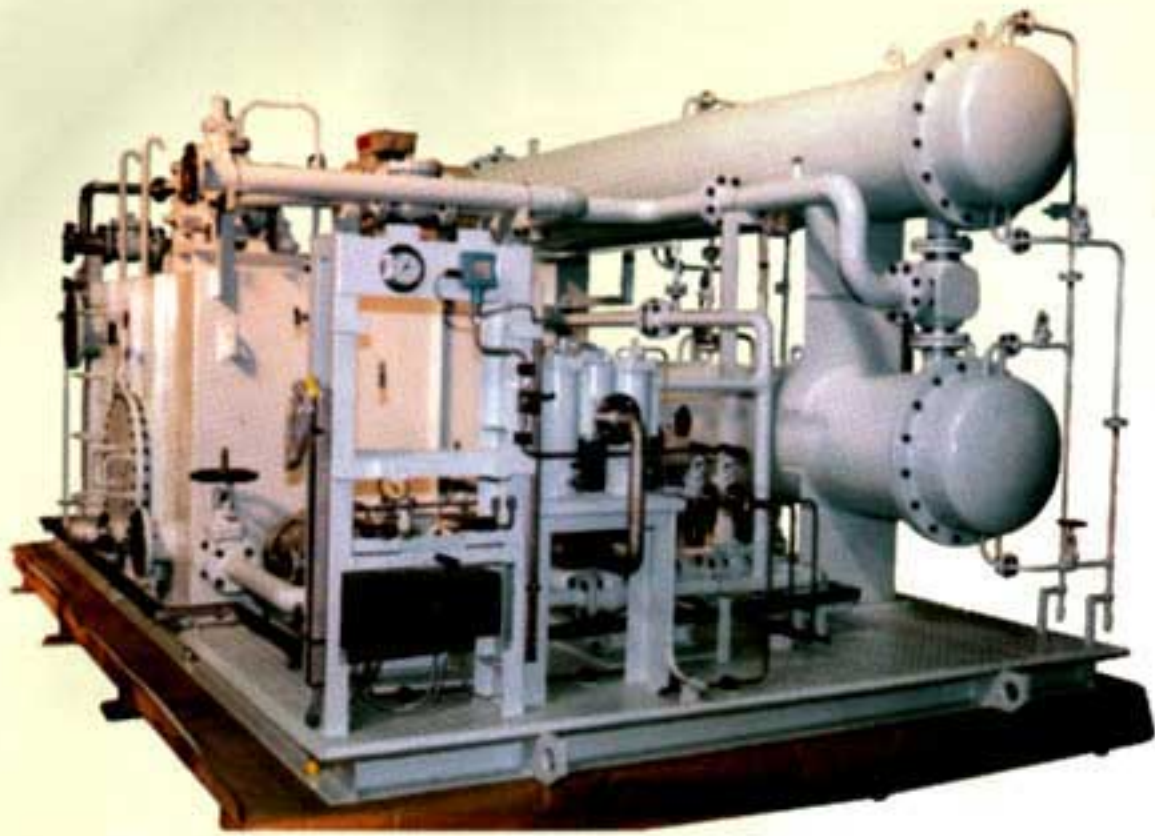

LUBE OIL CONSOLES

WATER SUPPLY SKIDS

CHEMICAL DOSING SKIDS

FUEL PROCESSING SYSTEMS

ENPRO INDUSTRIES PVT. LTD.

WORLD CLASS LUBE OIL SYSTEMS

- Expertly engineered and crafted for perfection
- For critical rotating machinery like Centrifugal Compressors, Turbines, High Pressure Pumps, Steel Mills, Oil Engines, Gear Boxes and Electric Motors etc. In Petrochemical, Fertilizers, Power and Steel Industry.
- Manufactured and tested per exacting API 614 standards.
- Capacities : 5 LPM to 2000 LPM
- Filtration rating : 5 micron

FUEL HANDLING SKIDS

- For filtration, heating, pumping of variety of fuels likes LSHS, Gas Oil, Furnace Oil, LDO, HSD, Naptha, Distillate
- Applications : Boilers, Gas Turbines and Engines
- Flows : upto 100 m³/hr
- Pressures : upto 35 bars
- Filtration rating : down to 3 micron

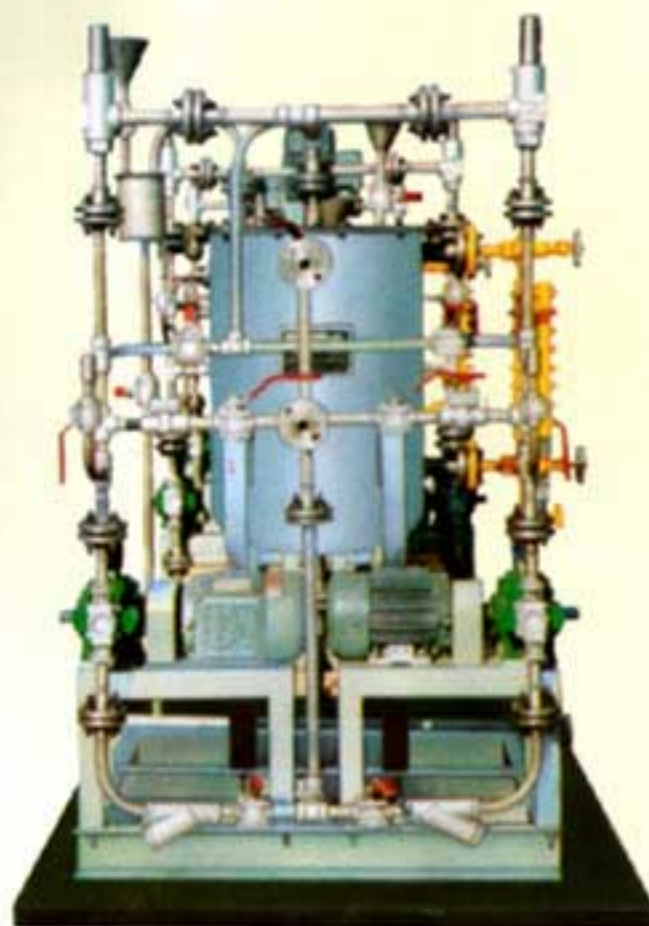

WATER WASHING / CIRCULATION SKIDS

- For all models of gas turbines and compressors
- Flows : upto 80 m³/hr
- Pressures : upto 7 bar to 100 bars
- Water supply skids for jet blasting pumps
- Water injection skids for gas turbines

CHEMICAL INJECTION SYSTEMS

- For Power, Petrochemical, Fertilizer and other process industries.
- Accurate addition of chemical additives including hazardous, toxic chemicals.
- Pumps used : Plunger, Hydraulic diaphragm, Spring diaphragm, variable speed gear type.
- Capacities : 0.07 LPH to 10000 LPH
- Pressures : 1 bar to 300 bars.

HEAT EXCHANGERS

- Shell and Tube type for a wide range of applications in cooling, heating and evaporation.
- Optimally computer designed for high performance
- Per requirements of TEMA RCB., ASME Sec.VIII Div.1
- Constructed in materials conforming to ASTM standards in Stainless Steel, Admiralty Brass, Carbon Steel, Cupro Nickel
- Dump condensers, gland condensers, seal coolers.

OTHER SKID APPLICATIONS

- Air processing units cooling, drying, filtration
- Mech. Seal flushing / cooling systems
- Pilot plants
- Cooling water consoles
- Fuel gas filtering / metering skids
- Pump / Gas compressors / Turbine packaging

ABOUT COMPANY

Enpro Industries started in 1988 is today a comprehensive team of engineers, technicians and professionals with expertise in process, mechanical, electrical and instrumentation design. Its world class manufacturing facilities are located at two locations in Pune.

Enpro has customers and installations around the globe and is a highly respected name in skid mounted piping systems world wide.

PRESTIGIOUS CUSTOMERS :

GE POWER SYSTEMS	USA
GE ENERGY PRODUCTS	EUROPE
NOUVO PIGNONE (GE O&G)	ITALY
HITACHI INDUSTRIES	JAPAN
SHIN NIPPON MACHINERY	JAPAN
EBARA CORPORATION	JAPAN
KIRLOSKAR EBARA PUMPS	INDIA
ALSTOM POWER/PROJECTS	INDIA
TOYO ENGINEERING CORN.	JAPAN/INDIA
TD POWER SYSTEMS	INDIA
RELIANCE INDUSTRIES	INDIA
KSB PUMPS	INDIA
LARSEN & TOUBRO	INDIA
TECHNIP ITALY S.P.A	INDIA
THERMAX GROUP	INDIA

Inspection Agencies & Consultants

Lloyds Register Industrial Services
 Bureau Veritas Industrial Services
 Bechtel France SA
 Engineers India Limited
 Project Development Consultants
 Development Consultants
 L & T Chiyoda, L & T Sargent & Lundy
 Toyo Engineering
 Jacobs H&G
 Kvaerner Powergas
 Uhde India Ltd
 Desein Pvt.Ltd.
 Tata Projects
 Tata Consulting Engineers
 Avant Garde, suggest, TUV
and many other reputable global agencies
